

Incontinence

Incontinence is a huge problem in the elderly and, ecologically, throwaway products are becoming far more of a problem. With this in mind reusable bed pads have an obvious advantage. These bed pads can absorb up to 3 litres and prevent 'wet back', they can be washed up to 300 times in the patients home or even nursing homes and hospital laundries.

Incontinence

Absorbent Bed Protection BPW

Sizes:
Single 71 x 92cm or
28 x 36 inches BPWT
Large 92 x 92cm or
