Medical Fleece Products

100% Wool Fleece

Pure wool pile medical fleeces especially treated to withstand 'Hot Washes'. Makes an excellent 'interface' on beds and on chairs. The property of wool to absorb moisture is an important feature when trying to prevent the build up of heat and the formulation of pressure sores.

Popular sizes:
WW2760 68 x 152 cm or 27 x 60 inches
WW2730 68 x 76 cm or 27 x 30 inches
WW1418 36 x 46 cm or 14 x 18 inches

100% Polyester Fleece

Deep pile 100% polyester fleeces have been used in hospitals and the community for many years. They give comfort on boney parts of the body, are easy to wash & dry and are very economical.

Popular sizes:
68 x 152 cm or 27 x 60 inches
68 x 76 cm or 27 x 30 inches
36 x 46 cm or 14 x 18 inches

Heel Protectors WWHC & Elbow Protectors WWEP

Heels & elbows are always at risk from pressure problems. The most popular aid for protection is fitting a simple heel cup in either wool pile or polyester. A soft strap with Velcro will hold the cup in place.

Polyester Heel Protector HPHC

100% Hospital quality deep pile polyester heel protector for comfort and ease of washing and drying - suitable for hospital laundries.

Open Bootee WWOB/HPOB

Open booties give protection to foot and ankle. They come in one size flat form and can be molded around an inflexible ankle. Made in deep pile wool or polyester.

Multi Purpose Joint Protectors WWSP/HPSP

Versatile pull on joint protectors, can be placed on the elbow, the heel or between the knees for comfort and protection. Available with wool pile inner pad or polyester fleece.

Real Medical Sheepskin Joint Protectors SWHC, SWEP

Give maximum protection to those at risk. Held in place with soft strapping and hook and loop, these medical sheepskin products can be machine washed. One size.

Wheelchair Fleece WW736L

In pure wool pile honey beige colour, with strong loops to hook round wheelchair handles to keep the fleece in position. Also available with attached arm covers.

WW736L 43 x 92 cm or 17 x 36 inches
W736A 43 x 92 cm or 17 x 36 inches with arms

Calf Strap CS

100% pure wool pile (20.3cm or 8 inches high) strap to stop the 'pressing back' action of the user, and also for comfort. With strap to attach to foot rest legs. Size: 20.3 x 40.6cm or 8 x 16 inches

100% Wool Pile Cushion Cover FCWT

100% wool pile cushion cover allowing natural pressure relief and also modular foam inner to enhance the pressure relieving properties.

Modular foam inner with a top surface which takes up pressure on individual zones to give excellent proven pressure reduction. Covers available: Wipe clean vapour permeable, terry towelling and fully washable wool pile top in honey beige.

Size: 43 x 41 x 10 cm or 17 x 16 x 4 inches
Available in various sizes, please contact us for more details

Deep Pile Fleece Bumpers CSHP1, CSHP2

Deep pile polyester fleece, comfortable, air permeable and washable, hook and loop along the full length to close when the patient is subjected to fits – this model will allow air to pass through and is washable. See price list for details.

CSHP1 137 x 43 cm
CSHP2 173 x 43 cm

Medical Sheepskin MSS

The original method of helping to prevent pressure sores. Large skin with dense pile, hot washable specially treated to withstand years of use.
